

# Fastening material

Chemin de cable - finition standard - H60 x w300mm - 1.640kg-m EC60300EZ  
 12M-32

Cable tray - Zinc Plated - H60 x W300 mm - 1.640 Kg / M 12M / 324M

|                                               | EC60300EZ                         |
|-----------------------------------------------|-----------------------------------|
| Profile shape                                 | U-shape                           |
| Width                                         | 302 mm                            |
| Height                                        | 60 mm                             |
| Length                                        | 3000 mm                           |
| Working length                                | 3000 mm                           |
| Diameter longitudinal wire                    | 4.3 mm                            |
| Diameter transverse wire                      | 4.3 mm                            |
| Usable cross section                          | 15863 mm²                         |
| Integrated partition                          | None                              |
| Model                                         | Integrated connector              |
| Type of connection                            | Click in mounting                 |
| Suitable for circuit integrity                | Yes                               |
| Material                                      | Steel                             |
| Material quality                              | Other                             |
| Surface protection                            | Galvanic/electrolytic zinc plated |
| Colour                                        | Zinc                              |
| Weight                                        | 1.611 kg/m                        |
| Load test type according to IEC 61537         | Type III                          |
| Operating temperature                         | -50 - 150 °C                      |
| Possible support spacing                      | 0.5 - 2.5 m                       |
| Safe working load according to IEC 61537 with | 413 N/m                           |
